## CLEAN - UP - AND - PAINT - UP PARIS

Mayor January has designated the week of April 10 to 15 as "Clean Up Week," in compliance with the custom that has become an annual event.

"Good-by dirt! Good-by, rubbish!" will be topical song heard most in the health bureaus in seven thousand communities soon. And to speed the parting guest every American householder will have on hand the most formidable weapon—next to Mrs. Jiggs' rolling pin—the Great American Broom. Father will have a shovel and son a rake. Soon, by the alley route, many of the unwelcome visitors will be on their way. No city can be considered sanitary if any part of it is in an unhealthful condition. Health, your health, and your family's health, and your neighbor's and your neighbor's and their families' health is at stake in this campaign. So clean up and paint Paris!"

## YALE ALUMNI PRESENTS PICTURE TO P. H. S.

The latest picture to be put up in the Paris High School is one of "Harkness Tower," one of the new Yale buildings. This gift came through the Kentucky Yale Alumni Association. The next to be received will be from Harvard. Mr. W. R. Blakemore, prominent Main street clothier, with the assistance of Hon. Claude M. Thomas, John M. Brennan and Stanley Dickson, all graduates of Princeton University, obtained for the school a most beautiful group and a Princeton banner. The Paris High School fully appreciates the interest in the school manifested by these University men.

## KING ALCOHOL

The rendition of the dramatic cantata, "King Alcohol," at St. Paul M. E. Church, Monday night, April 10, 1922, by local talent, assisted by the Paris Mozart Orchestra, promises to be a rare treat to all music lovers and those who attend. Come and enjoy a musical treat.

## BASE BALL

The 1922 season for the Church League will open on Tuesday, May 2, with the Methodists playing the Presbyterian team. The schedule for the season follows:

Tuesday, May 2—Methodist vs. Presbyterian; May 5—Baptist vs. Christian; May 9—Methodist vs. Christian; May 12—Presbyterian vs. Baptist; May 16—Presbyterian vs. Christian; May 19—Baptist vs. Methodist; May 23—Methodist vs. Presbyterian; May 26—Baptist vs. Christian; May 30—Presbyterian vs. Baptist; June 2—Methodist vs. Christian; June 6—Baptist vs. Presbyterian; June 9—Methodist vs. Presbyterian; June 13—Presbyterian vs. Baptist; June 16—Methodist vs. Christian; June 20—Baptist vs. Methodist; June 23—Presbyterian vs. Christian; June 27—Methodist vs. Presbyterian; June 30—Baptist vs. Christian; July 4—Baptist vs. Christian; July 7—Methodist vs. Presbyterian; July 11—Methodist vs. Christian; July 14—Presbyterian vs. Baptist; July 18—Baptist vs. Methodist; July 21—Presbyterian vs. Baptist; July 25—Presbyterian vs. Christian; August 1—Methodist vs. Christian; August 4—Presbyterian vs. Baptist; August 8—Baptist vs. Methodist; August 11—Presbyterian vs. Christian; August 15—Baptist vs. Christian; August 18—Methodist vs. Presbyterian; August 22—Presbyterian vs. Christian; September 1—Baptist vs. Methodist.

The Flemingsburg Time-Democrat says: "In the Paris Bluegrass League baseball nine we find the names of four Flemington county boys, as follows: Charles M. Maxey, catcher, William Hammonds, outfielder, Clarence McCord, pitcher, all of Cowan, and R. G. Powell, catcher, of Nepton. We shall have to 'root' for Paris on account of the home boys."

One of the proudest young fellows in Paris is Arthur B. Hancock, Jr., whose team, the Paris Pirates, under the coaching of "Stiffy" Burnett, took the title of the recently organized Paris City School team by a score of 16 to 5. The teams met on Hancock field, near Paris, Tuesday, and fought a game battle, with the big end of the score going to the Pirates, who like their namesakes, boarded the ship and carried off all the plunder. Crawford, pitching for the Pirates, struck out fourteen batters, while the three pitchers on the mound for the P. H. S. team only took toll of eight. The Pirates made seven errors, and the P. H. S. team ten. The teams presented the following line-up: Pirates—Jackson, c; Horton, 1b; Alexander, 2b; Strother, ss; Adams, 3b; Brent, rf; Terry, cf; Coughlin, lf; Crawford, p. P. H. S.—Adair, c; Williams, 1b; Rourke, 2b; Tucker, ss; McCann, 3b; Paton, rf; Jacoby, cf; Larkin, lf; Christian, Welsh and Turner, p. The game was witnessed by a large crowd of interested and enthusiastic fans.

Two members of the official umpire staff who will handle the indicators for the Blue Grass League series have been appointed by President Thos. M. Russell. They are H. D. Melville, of Lexington, and Wm. C. Watkins, of Maysville. Two more will be appointed later. Melville has had experience on the big league circuit, and Watkins in intercollegiate baseball.

## COUNTY ROAD COMMISSIONERS PROTEST TAX RATE CUT

As a result of a controversy covering a period of several months concerning the advisability of reducing the county tax rate in Bourbon county from 50 cents on the \$100 to 35 cents, Messrs. Catesby Spears, Sam Clay and Sam Houston, members of the Bourbon County Road Commission, have issued the following statement which will explain the situation in this county in a manner which has possibly not been made clear to many taxpayers:

An article appeared in the Kentuckian-Citizen a few days ago appealing to the Fiscal Court of Bourbon county and to the taxpayers to reduce the county tax rate 15 cents on the \$100.

Any demand to reduce taxes will always meet with popular approval and the converse is also true, that any argument to uphold taxes will always be unpopular. But we should look upon this question not as a matter of popularity, but rather as a business.

In plain words, is it good business to reduce the tax rate in Bourbon county under existing conditions?

In the beginning, any reduction in taxes must necessarily be taken almost entirely from the road fund; the State rate of taxation upon all tangible property is 40 cents on each \$100, and this cannot be changed by the Fiscal Court. While the Fiscal Court levies the amount on the school tax for county purposes, yet the amount required is fixed by an order of the County Board of Education and the Fiscal Court has no right to reduce this amount. The special 20-cent road tax voted in the fall of 1919 cannot be changed by an order of court. The only possible change that can come is in the old 50-cent rate which has been established and paid in this county for more than 15 years.

The argument to reduce any portion of this would never be presented except for the fact that the 20-cent road tax was voted less than three years ago.

Out of this 50-cent tax all general expenses of the county are paid, such as maintaining the county infirmary, jail, court house, salaries, hospital, charities and any and all claims against the county. The balance left is used for road purposes, and, as these various general expenses are largely fixed, it necessarily follows that any reduction made must be borne by the road fund.

It is stated that material and labor are cheaper. This was anticipated three years ago when the question of bond issue was first proposed, and for this reason, the plan was adopted of using the issue over a period of five years.

The increase in valuation is also urged as a reason for the reduction. The increase in the use of our roads has been greater.

On the strength of the peoples' vote and relying on the co-operation of the Fiscal Court, the commissioners purchased for the county a large amount of road equipment for the purpose of carrying out their plans which were to extend over a period of at least five years. Up to the present time, one-half of the bond issue has been sold and expended. Should the Fiscal Court reduce the tax rate 15 cents on the \$100 they practically nullify the special road tax of 2 cents which was to take care of the bond issue.

Should the Fiscal Court undo by their vote what an overwhelming majority of the people of Bourbon county voted to do less than three years ago?

If this reduction is made and a similar reduction made next year, the available funds will not allow the present rate of construction to extend beyond the middle of 1923.

The past two years about 65 miles have been reconstructed. Two years ago only about 25 miles of road was found up to a standard to justify surface treatment and maintenance. This has been done and these 25 miles are in better condition today than they were two years ago.

By the aid of the best machinery and equipment, the work has been done with a saving of approximately 25 per cent. of what it would have cost by contract; this after due allowance has been made for depreciation in value of equipment.

If this reduction is made, by next year, the entire bond issue will be expended with less than half of the roads reconstructed, and the available revenue so small that all of it will be required for maintenance. Machinery and equipment will be idle, or have to be sold at a sacrifice.

The reduction in the tax rate of 15 cents on each \$100 is but a small saving to any individual except those whom we might term wealthy. As an illustration, the assessed value of land in Bourbon county is \$123 an acre, and a saving of 15 per cent in taxes would be about 18½ cents an acre; thus, the farmer on 100 acres of land would save \$18.50 a year, or 5 cents a day; the farmer

## NEWS FROM THE COURTS

In the County Court, Tuesday, Hiram Parker, a young colored boy, was adjudged insane by a jury and ordered committed to the Eastern Kentucky Hospital for the Insane, at Lexington, where he was taken later by an attendant from the Hospital. Parker served as cook at Camp Taylor during the war, and his hallucination was that the Government is indebted to him for a large sum, and will not pay him.

Squire Paynter, a young white man, of Middletown, O., was arrested by Patrolman Robt. Lusk, as he was boarding an L. & N. passenger train at the Tenth Street L. & N. passenger station. Paynter was charged with having taken \$9 in cash from the cash drawer of Homer Rankin, a Second street grocer. He was arraigned before Police Judge Martin and sentenced to thirty days in jail.

County Judge Batterton appointed T. B. Jones as administrator of the estate of Mattie Jones, deceased. Mr. Jones qualified for the trust by furnishing bond in the sum of \$4,000, with Allen T. Current as surety.

Robert Hall and Ed. Rose, white, were presented before Judge Geo. Batterton in the County Court, on charges of unlawfully fishing in the waters of a stream within the limits of the county. Both entered pleas of guilty, and were fined \$24.50 each.

In the Police Court Frank English and Elva Turner, who were placed under arrest Sunday night by Mayor January on a charge of operating their automobiles without lights and exceeding the speed limit, were fined \$10 and costs on each charge. Later on in the course of the investigation it developed that the license tags on Turner's car had been loaned to him by a friend.

Taylor and Willis Center, twin brothers, were held to the grand jury in bonds of \$500 each by County Judge George Batterton on a charge of stealing two mules from Elijah Napier, of Tolleriver, Wolfe county. In default of the necessary bond they were sent to jail. The boys were arrested by Chief of Police Link on suspicion. They were endeavoring to sell the mules to Berkeley Jacobs, a local liveryman. Napier notified the Paris authorities the theft of two mules from his place. In company with W. O. Black, of Mt. Sterling, he came to Paris and furnished complete identification of the stolen animals. During the investigation it developed that the saddles and bridles the men were using on the mules were stolen from a Shelby county farmer. The mules, saddles and bridles were restored to their proper owners.

## TRUANT OFFICER'S REPORT.

At the regular monthly meeting of the Bourbon County Board of Education held in the office of County School Superintendent J. M. McVey, in the court house, Mrs. Robert Bell, County Truant Officer, reported that during the month of March she had made sixty visits to schools; had called in person on 121 families; placed 196 children in school, and, in connection with the county nurse, had furnished medical assistance to eight families and clothing and books to twelve children. The report was accepted and placed on record.

## Fire, Wind and Lightning Insurance. THOMAS, WOODFORD & BRYAN

with 200 acres would save \$37 a year, or 10 cents a day. Would this small saving justify the stoppage of the road work; the loss of the use of the equipment, and the gradual deterioration of all the unworked pikes in the county? The old saying of "a stitch in time saves nine," applies nowhere more accurately than it does to a road.

Is it fair to those who live on roads that have not been reconstructed to adopt the policy, which will mean that a number of the roads will never be reached. If this reduction is made, should the commission sell the remaining part of the bonds, thus placing a heavy burden on the future years when we are unwilling to pay our fair proportion of the burden?

With the coming of the automobiles and trucks, good roads are not only a good investment, but an absolute necessity. There are now more than 800 automobiles and trucks in Bourbon county.

Think of the indirect tax of bad roads; the trouble of getting our children to school; the increased cost of transportation; the wear and tear and depreciation of our machines; the poor mileage of tires and extra gasoline used. Does the situation justify this reduction? You cannot have good roads without paying for them.

## INDEPENDENT TOBACCO MEN MOVE TO POOL

A number of prominent independent holders of old tobacco in hogheads throughout Kentucky have launched a movement to pool this class of tobacco, with the view of putting a stop to dumping it on the auction market, while there is such little demand for it, and to hold it until it can be sold at what is considered a fair price to the owners.

With this end in view all holders of old hoghead tobacco have been invited to attend a meeting at the Lafayette Hotel, in Lexington, next Monday at 10:30 o'clock, to take some steps to arrange for the pooling and marketing of this tobacco.

While the promoters of the movement, among whom are Louisville, Maysville and Flemingsburg tobacco men, have not perfected their plans, it is said to be their intention to discuss the situation, appoint a committee to take charge of the sales of this tobacco after it is pooled, so that there will be only one selling agent to offer for sale the grades that are wanted.

The call for the Lexington meeting next Monday is signed by Harbman & Malone and Charley Newman, Maysville; Mark Hendrix and W. W. Ross, Flemingsburg; Rhodes & Grannis, Ewing.

## PRISONER TAKES "FRENCH LEAVE"

Wesley Sapp, a young white boy, who had been convicted at the March term of Bourbon Circuit Court and sentenced to a jail sentence for having moonshine whisky in his possession, made his escape from the jail yesterday morning. Sapp had been employed at work on the outside for several days, and yesterday morning while left alone for a few moments, made his escape. Officers are making a search for him, and it is thought his recapture will be effected soon.

## PLANS FOR COUNTRY CLUB UNDER WAY

At a meeting of subscribers to the Country Club project, held at the court house, Monday night, about \$10,000 in pledges and subscriptions was taken. It was decided that the sum of \$15,000 would be necessary for financing the project. A committee composed of Withers Davis, James M. Caldwell and Clarence K. Thomas was appointed to conduct a campaign for the purpose of raising the additional \$5,000.

The report of the organization committee, composed of Tom Holt, Jas. G. Metcalfe and Oscar T. Hinton, was adopted. John F. Davis and Ayelette Buckner were named a nominating committee to nominate eighteen men for the directorate. Nine directors will be elected at a meeting to be held on next Monday night, April 10, at 7:30 o'clock. Ballots have been prepared and are being mailed to each subscriber to the fund. The organization will be perfected at this meeting, and all subscribers are asked to be present in person or to send a proxy in order to have a vote in the selection of the directors.

## LODGE NOTES

At the meeting of Bourbon Lodge, I. O. O. F., Monday night the Initiatory Degree was conferred on Melvin R. Hornback, and the Third Degree on Jesse Parker.

At the regular meeting of Rathbone Lodge, K. of P., last night the First and Second Ranks were conferred on Sandie Rudder and J. C. Fichtmaster. Both are in the blacksmithing business and ought to become "strong men" in the order.

## EDITORIAL FLINGS

Apples may be losing popularity with "the other sex." Eve wore no clothes until she had eaten one.

Now that the engineers have eliminated the "put-put" from motor boats, who will help us take the "take-takes" out of the tax collectors?

An electrical engineer has filed suit against Henry Ford for \$11,000,000. A man always makes a mistake when he has more money than he knows what to do with.

The Paris newspaper men are good at hard work and leg work, but they have not yet been able to run down the party who has been writing those "X X X" articles.

A Paris mother who has been having considerable trouble with one of her young hopefuls says while it is true that some plants thrive in the hot sun, wild oats flourish most under the influence of moonshine.

She wore a happy smile  
And here and there a bead,  
Yet she was always popular  
In fact, she took the lead.

It does its duty twice as well  
With half as much expense.

We suppose that next to fruit-raising, making moving pictures, having earthquakes, scandals and political upheavals, the trying of Fatty Arbuckle will be one of California's chief industries for several years to come.

A Cincinnati music publisher rushes into print with the bold statement that the latest hit launched, "She's Just a Plain Old-Fashioned Girl," is "making a clean sweep." Which, it seems to us, is precisely what that sort of girl would do. Why the excitement?

The report that when the King of England suggested that the Duke of York kiss all the bridesmaids at the wedding of Princess Mary, the Duke "lost his nerve" will not be believed in this neck of woods. A young man who hasn't the nerve to kiss a dozen bridesmaids publicly never will dare tackle one girl privately.

A Louisville paper says: "Man is built to sit. The cat and the dog, sit, and they seem to enjoy doing so." Which brings us to the somewhat distracting discovery that neither of the gentle creatures mentioned have ever been known to buy a chair to prove their natural bent for a sitting posture. Which is more than you can say for man.

"Greed for diamond and furs," says a New York judge, "is the curse of the times, and many women are leading their husbands to destruction because of it." By the time we get all "the curses" of the times listed and classified, we will be ready to realize that, after all, it is the "Old Adam" at work in them.

The Jefferson county grand jury in its March report calls attention to the practice of the Louisville police in searching and seizing the property of citizens without war-

rant. Disrespect for the law by officers of the law is a poor method of law enforcement, as well as an injustice to the citizens. This is especially true in the case of the poor man, who cannot protect himself from official injustice. In these paternalistic days a man's home is no longer his castle—thanks to the long-haired reformers.

## POSTMASTERS, WATCH YOUR STEP!

Postmaster General Work is looking to the daily press to keep him advised as to how the Postal Service is functioning, and for this purpose he has asked postmasters to send him clippings of news items and editorial comment on postal matters, both critical and complimentary. "The newspaper is the medium through which the public is talked to and talks back," said Postmaster General Work, "and it is an indispensable aid in improving the service."

Postmaster General Work has appointed a committee to formulate plans and arrangements for a "Postal Improvement Week," which has been fixed as the first week in May, beginning on Monday, May 1, 1932. All postmasters, and all others who may be interested, are invited to send suggestions to the Department for consideration in connection with the program for this special improvement week.

## EGGS AND POULTRY MARKETS

Due to unfavorable and backward weather conditions, the season yield of eggs is later than normally. It is about two weeks later than last year.

Markets are easy to lower, and it is expected normal weather conditions will materially increase production.

The marketing of live poultry is quite free for this season of the year and lower values are ruling on dressed poultry. The outlook on values of live shipments is uncertain.

Production of butter is showing a slight increase, resulting in somewhat lower values, a condition to be expected at this season of the year. The demand continues good for the better grades of butter. The importance of the proper care and prompt delivery of cream is illustrated by the fact that undergrade butter on the principal markets is selling four to five cents below top grades.

## GOVERNMENT WANTS STENOGRAPHERS

George A. Bateman, secretary of the Lexington Examining Board, has received official notice from the Secretary of the Sixth U. S. Civil Service District, comprising Ohio, Indiana and Kentucky, with headquarters at Cincinnati, that there is an urgent need for persons qualified as stenographers and typists, especially men, to take positions in the government service in various cities over the district. These positions carry with them entrance salaries ranging from \$900 to \$1,200 per year, and it is stated that opportunities exist for employment in many of the smaller towns as well as in the principal cities. The promotion of efficient employees, to higher salaries is reasonably rapid.

An examination for these places will be held in Lexington and in the larger cities in the States named on April 11. Qualified persons interested in securing such government employment should apply at once for a set of special questions and the necessary application blank either to Mr. Bateman, secretary of the local civil service board, post-office building, Lexington, or to the secretary of the Sixth U. S. Service District, postoffice building, Cincinnati.

## BOURBON BOYS MAY ATTEND CAMP ROOSEVELT SCHOOL

Boys from Paris and Bourbon county are again invited to take the course in physical-military training to be given during July and August at Camp Roosevelt, under command of Major F. L. Beals, U. S. A. Word to that effect has been received by Superintendent of County Schools J. Moler McVey and Superintendent Lee Kirkpatrick, from Peter A. Mortenson, Superintendent of Chicago Public Schools.

Camp Roosevelt is intended as a living memorial to the principles of military and physical fitness for which Theodore Roosevelt stood, and is established by the Chicago Board of Education, with the sanction and support of the War Department of the U. S. Government.

The camp is divided into three sections, to meet the different needs of the boys: The R. O. T. C. division is for boys of High School age who seek primarily out-door life and physical training; the Summer School Division includes seventh and eighth grades and all high school subjects. The Chicago Board of Education authorizes the acceptance of credits earned in the camp school. The Junior Camp Division is for the younger boys, and includes instruction in scoutcraft and woodlore. As a further co-operative step, the War Department furnishes equipment for the camp and the recruits.

This year the camp will open on July 5, and will be conducted for six weeks, divided into two periods of three weeks each. A boy may attend either one or both of these periods, as desired. The enrollment fee of \$2.00 will be charged, and a three-weeks' outing under finest possible conditions will cost each recruit less than \$30 for the training, mess privileges, and other incidental expenses. The principal expense of the camp is borne by a group of patriotic Chicago business men who are interested in making the camp a nationwide success.

The camp will move from Michigan to LaPorte, Indiana, 65 miles from Chicago.

## K. U. MEMORIAL FUND PLAN ADOPTED

Plans for raising funds for the proposed memorial building to be erected on the campus of the University of Kentucky in memory of Kentucky boys who died in the World War, were discussed at a meeting in Frankfort, attended by J. C. Wilson, of Louisville, in charge of work for the fund; Dr. Frank L. McVey, president of the University of Kentucky; Herbert Graham, alumni secretary of the university, and George Colvin, State superintendent of public instruction.

Nothing was given out as to the plan discussed, but it was said after the meeting that it is believed a method had been found whereby the necessary funds could be raised.

The proposed memorial is to cost \$300,000 and will be used to house the records of Kentuckians in the World War, which are now being prepared by the Kentucky council of defense. Relics of the war also would be housed in the building, which would provide a chapel for the University.

Approximately \$60,000 of the needed funds has been raised.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

## EVERY VOTER MUST REGISTER NEXT JULY

The new registration law, requiring every voter to register next July, makes drastic changes in suffrage in the State. It requires each voter to give his age, height, other description and to sign the registration book so that he may be identified by signature when he seeks to vote. No certificates are required, and only one registration is necessary so long as the voter remains in the same county. If he moves from one precinct to another he may go to the County Clerk, (who is the custodian of registration books) and obtain an enter-county transfer, enabling them to register in the new county.

This law was passed over the veto of Governor Morrow. It received the votes of Democratic members of both Houses, who had been pledged by party caucuses. Two registration days are to be observed in each precinct next July, and there is to be a special registration sixty days before election. Hereafter only one day in July is to be observed.

Provision is also made for purging the books by precincts. In any precinct where fraud is climed one Democrat and one Republican are to be named to purge by the Election Commission. Should they disagree, or should a registrant feel aggrieved by their decision, appeal to the Circuit Court is provided.

## CHILDREN'S WEEK, APRIL 30-MAY 6

Children's Week will be observed from April 30 to May 6, and an effort will be made to have all organizations and persons interested in children to give thought to helping children physically, mentally, socially and spiritually. Emphasis will be placed on the importance of story-telling, games and all recreational activities, as well as on religious instruction.

## MASTER'S SALE

### BOURBON CIRCUIT COURT

Lucy F. Letton's Executors. . . . . Plaintiffs

Vs.—Notice of Sale.

Her Devises. . . . . Defendants

Under and by virtue of a judgment and order of the Bourbon Circuit Court in the above styled action therein pending, the undersigned Master Commissioner, will on

SATURDAY, APRIL 15, 1932,

on the premises at the corner of Main and Twelfth Streets, in Paris, Kentucky, at about the hour of three o'clock p. m., sell at public auction to the highest and best bidder the following described property:

A certain house and lot on Main street, in Paris, Bourbon County, Kentucky, described as follows:

Beginning on Main Street at the division line of William Hinton and the lot hereby conveyed, thence with Main Street about 60 feet to the Twelfth Street, about 118 feet to the division line in the rear, between the lot of said Hinton and the property hereby conveyed; thence parallel with beginning, and being the same line between said Hinton's lot and the lot hereby conveyed; thence with the said division line of said Hinton to the beginning, and being the same property conveyed to first party, Frank P. Walker, by P. P. Cummins and wife by deed of date December 27, 1911, which deed is recorded in the Bourbon County Clerk's Office in Deed Book 98, Page 333.

Said sale will be made upon credits of six and twelve months, the purchaser or purchasers being required to execute their two bonds with good and approved surety for equal parts of the purchase money, each due six and twelve months from date of sale respectively and bearing interest at the rate of six per cent per annum from date of sale until paid; said bonds to have the force and effect of judgments.

Said sale is made for the purpose of a division among the parties in interest.

## THE REAL REASON FOR A PRETTY SKIN

Why is it that one girl has a fresh smooth complexion and another a skin which is lifeless, dull and sallow? Is it a gift of nature or some guarded beauty secret?

It is a secret, but an open one in which every woman may share. It consists in knowledge of the care which keeps the skin free from clogging, poisonous accumulations in the removal every day of all dirt, oil secretions, excess cold cream, powder and rouge.

To do this, use mild soap, massage it thoroughly into your skin and remove with many rinsings. The mildest soap you can choose for this purpose is Palmolive. It contains Palm and Olive oils. These rare oils are the mildest cleansers nature ever produced. They are the oils used by Cleopatra thousands of years ago.

Their combination in Palmolive produces a profuse, creamy lather which penetrates every tiny pore, removes every trace of dirt, oil, rouge and powder and leaves the skin smooth and fresh as a rose.

You can buy Palmolive Soap at all first class groceries and drug stores.

### HARRY McCARTY, PROMINENT EDITOR AND PUBLISHER DEAD

Harry M. McCarty, editor of the Jessamine Journal, died at his home in Nicholasville at 8 o'clock Sunday morning after a continued illness of Bright's disease for more than eight months. He was 57 years old.

Mr. McCarty was one of the best known newspaper men and politicians in the State. His political career began at an early period of his life. At the age of fourteen he was elected a page in the United States Senate, and two years later was made the chief of pages when that office was created by the United States Senate.

In 1887 he moved to Nicholasville, where he and his father purchased the Jessamine Journal, which paper he has owned and published continuously since that time.

Mr. McCarty represented Jessamine county in the General Assembly in the lower house for two terms, in 1907 and 1909. He was also an active and influential member of the Kentucky Press Association, of which he was president in 1901.

Mr. McCarty leaves two children, Harry McCarty, Jr., and Leving Young McCarty.

The funeral will be held at the St. Luke's Catholic church, in Nicholasville, this (Tuesday) morning, with requiem high mass, conducted by Rev. Father N. Juderman. The interment will take place in Maple

Grove Cemetery, in Nicholasville. The pall-bearers will be his former associates in the newspaper business and editors of the Kentucky press: James B. Stears, Clinton Ricketts, James T. Welch, John H. Bowman, Frank Folger and L. S. Fitzhugh.

### PISTOL OWNERS MUST REGISTER THEIR GUNS

Every citizen of Kentucky who owns a pistol or revolver is required to register it with the County Court Clerk of the county in which he resides and every dealer who handles pistols must pay an annual license fee of \$25, under provisions of a law which was passed by the general assembly.

The law was proposed in answer to an increasing demand throughout the State for some law which would limit the practice of carrying pistols so prevalent in some sections. It was urged on behalf of the law that a requirement to register pistols would act as a deterrent to crime.

A fee of one dollar is required with the registration of the pistol and the County Clerk is required to furnish the Secretary of State with a complete list of all persons registering pistols in his county.

Any person convicted of not registering his gun shall be subject to a fine from \$25 to \$300 or confined in jail from 30 days to six months. A similar penalty is provided for any dealer who fails to obtain a license to buy and sell pistols. Any unregistered pistol will be forfeited to the commonwealth and sold by the sheriff.

And we are again being given the various excuses for the high price of coal.

### THOS. BRADLEY TO MANAGE LEXINGTON TRACK

Thos. C. Bradley, Mayor of Lexington, is to be resident manager of the Kentucky Jockey Club's Lexington track, his appointment dating from April 1. He is to have full charge and General Manager Matt J. Winn, who made the appointment, has stated that he will back him up in all matters.

The Kentucky Jockey Club is to be congratulated upon having secured so capable a man for this important position, which has been vacant since the resignation of Col. R. L. Baker in 1920, the duties having been performed meanwhile by General Manager Winn himself.

Mayor Bradley is well versed in racing. For a number of years he has been a breeder and owner of thoroughbred horses.

### FARM CONDITIONS ARE GETTING MUCH BETTER

Acting Director Davis, of the War Finance Corporation in a statement noted "marked improvement in the condition of the agricultural industry and a better outlook for business generally," on the basis of April 1 reports from corporation agencies.

"Livestock producers and farmers generally," the statement said, "are reported much more confident because of improved market conditions."

"Bank deposits have increased in many agricultural communities and the country banks are generally in a stronger position than they have been for a long time. Best of all, confidence is returning and with it the trend of business is toward a restoration of more normal conditions all along the line."

Hear What Mrs. Ellis Says About It

Covington, Ky.—"During each expectant period I used Dr. Pierce's Favorite Prescription. My friends were always very anxious about me, but especially the last time, because I was just getting over a case of the flu. But I am happy to say their fears were unfounded. After taking Dr. Pierce's Favorite Prescription I had no trouble at all and comparatively no suffering. Therefore I know the 'Favorite Prescription' to be good medicine and in my opinion it is the very best thing a prospective mother can take."—Mrs. Alma Ellis, 209 E. 3rd St.

### MORAL: "KEEP OFF THE GRASS, BOYS."

The following is sent from Winchester to the daily papers: "That a hint to the wise will prove sufficient, evidently is the belief of the management of a local store. To-day the following sign in black face 'box car caps' was posted prominently near one of the front entrances to the establishment: 'Men who meet other men's wives here and women who fill appointments with other women's husbands here will be handled according to the law.'"

## RELIGIOUS

## A Resume of Events in Religious Circles For Present and Future

The Maysville District Conference of the Methodist Episcopal Church, South, will be held at the Paris Methodist church, Thursday and Friday of next week. The opening session will be held Wednesday evening at 7:30 o'clock, with Rev. H. C. Morrison, of Wilmore, preaching.

There are about seventy churches in the district, all of which will be expected to have delegates in attendance upon this conference. All sessions will be presided over by Rev. F. B. Jones, Paris, who is the Presiding Elder of this district. Every phase of the church work will be presented—Sunday Schools, Epworth Leagues, Woman's Missionary Societies, Schools, Colleges, etc. The official program for the conference will be printed in next issue of THE BOURBON NEWS.

The regular monthly meeting of the Woman's Missionary Society of the Christian church will be held this afternoon in the church parlors. Mrs. Robert Frank's group will have charge of the program. The executive meeting will be held at two o'clock, and the regular meeting at 2:30 o'clock.

Thos. B. Talbott, Superintendent of Home Missions and Sunday School Missionary of the Synod of Kentucky Southern Presbyterian church, delivered an address at the Presbytery at Greenville, South Carolina, Wednesday night. On next Sunday morning and evening he will speak at the First and Second Presbyterian churches of Charlotte, North Carolina, on "Mountain Work in Kentucky." Monday he will speak in Atlanta, Ga.

A revival meeting being conducted at the Paris colored Christian church by the pastor, Rev. Stafford Campbell, closed with 108 additions to the congregation, eighty-seven of whom were baptized.

The Young Peoples' Missionary Society of the Methodist church will meet at the home of Mrs. Charles P. Mann, on next Monday evening, April 10, at 7:15 o'clock. This will be an important meeting. A full attendance of the membership is urged.

The attendance at the Hutchison Chapel Sunday school reached the high water mark last Sunday, numbering 66 out of a membership of 82. At the morning service six took membership with the congregation by letter. The pastor, Rev. W. M. Williams, predicts a much larger attendance for the coming Sunday.

## EPISCOPAL CHURCH

St. Peter's Church, Walter S. Cain, Rector. There will be a Lenten service Friday at 4 p. m.

Palm Sunday, Holy Communion and sermon, at 10:45 a. m. A cordial invitation is extended to all to come and worship with us.

## CHRISTIAN CHURCH

There will be the usual morning service at the Christian church Sunday morning. Mr. J. S. Hilton, of the Children's Home, Louisville, will occupy the pulpit. You are cor

dially invited to attend this service. Bible School will meet promptly at 9:30. Do not forget the Young Men's class. This is a very interesting class and you will enjoy attending. Christian Endeavor will meet at 6 p. m. The subject will be "The Master's Invitation." Miss Louise Keal will be the leader.

The Mission Band will have a sale of edibles at the office of the Paris Realty Co., Saturday, April 15.

There will be no church services at the Christian church Sunday night.

—Mr. Frederick A. Wallis will speak at the Presbyterian church Sunday night. His subject will be "Immigration and Americanization." Mr. Wallis is one of the best known men of the East. As Commissioner of Immigration at Ellis Island he did an outstanding work which marked him in the eyes of the whole nation as a man of heart to feel, and as a man of action to relieve. Mr. Wallis has for years been prominent in the financial, social and religious life of New York City. He is an Elder in the Fifth Avenue Presbyterian church, and one of the active leaders in the work of that magnificent church. The people of Paris will count it a high privilege of hearing Mr. Wallis on this subject, to which he brings such an insympathy, and such a statesman's sympathy, and such a statesman's viewpoint. The service will be at 7:30, and the public is cordially invited to attend.

The parents of the church who wish to have their children baptized are invited to bring them at the morning hour for this sacred and impressive service. The yearly reports will be read before the congregation before they are sent to the Presbytery of Ebenezer next week. The reports for the year just ended are splendid, and every member of the church should hear and rejoice in them. Hours of service: Sunday School 9:30 a. m.; preaching 10:55 a. a. and 7:30 p. m. Everybody welcome.

## WELL-KNOWN COLORED PEOPLE DEAD

"Aunt Jane" Small, aged seventy, formerly of Paris, died at North Middletown after a long illness, due to the infirmities of age. She was the widow of Charlie Small, for many years a faithful employee of the late John T. Hinton.

Wash January, a well-known Paris colored man, died at the Massie Memorial Hospital, in Paris, after a short illness, due to blood poisoning. The funeral was held Tuesday afternoon at the colored Christian church, on Seventh street, with services conducted by Revs. Stafford Campbell and R. E. Hathaway.

## REAL ESTATE DEALS

Raymond Connell, as trustee in bankruptcy for John Trabue, Bourbon county farmer, sold to Clarence Lebus, of Cynthiana, his life interest in a tract of 25.29 acres of land located near Ruddles Mills at \$18 an acre. He also sold a fee simple title to a tract of five acres at \$271 an acre, and a fee simple title to 32.20 acres at \$200 an acre.

W. H. Whaley sold lots Nos. 42, 43 and 69 in White Addition, to Alex T. Rice, for a price not made public.

The Paris Realty Company sold at public auction, a farm of about four acres, located on the Young's Mills pike, to W. A. Thomason, of near North Middletown, for \$605. The sale was conducted by Auctioneer Bryan Williams.

Edward Faries has let the contract for building a modern frame cottage on his lot in White addition to Contractor E. T. Sheeler. Work has been started on the structure. Mr. Sheeler also has a contract for building a nice home for Bruce McMahan, in Millersburg.

The heirs of the late George B. Minter are making extensive improvements in the old family home on South Main street. The work is being done under supervision of Harry Minter, of Lexington.

George Erion has secured the contract for building a modern brick bungalow for M. E. McCurdy, on his lot on Pleasant street, near the Government building. Ground has been broken for the work. Mr. and Mrs. McCurdy will occupy the home when completed.

Master Commissioner Hanson Peterson, of Cynthiana, sold Monday the forty-one acre tract belonging to Mrs. Mary E. Wilson, located near Paris, to Robert Crombie, of Paris, for \$232 an acre. A few months ago the place sold for \$171 an acre.

Due to a misunderstanding in the copy furnished us, THE NEWS in

Tuesday's issue stated that the 165 acre farm belonging to the Burgess heirs, near Hutchison, had been leased. It should have read "65 acres." The farm was rented publicly to Wm. Craycraft, of near Paris, for \$700 a year, by Auctioneer M. F. Kenney.

Foley Marrs, of Bourbon county, bought Tuesday of Mrs. Anna Morton her ninety-acre farm, located seven miles from Lexington, on the Richmond pike. The farm is well improved. Mr. Marrs bought the place as a home, and will move there with his family the last of this week. The sale was made by D. R. Messick, Lexington realtor.

The soft drink privileges for the Paris ball park were sold Monday at public auction, John M. Stuart receiving the concession for \$200. Mr. Stuart will have a competent corps of assistants in his enterprise and no one need remain thirsty during the games.

### INJURED BY COW

Assistant Postmaster Wm. Cooper was injured about the mouth and face when a cow he was milking kicked him. His lips were severely cut by the cow's hoof, causing a serious injury. The force of the kick drove two teeth through Mr. Cooper's lips. He was given medical aid and is doing very well.

### DOGS KILL SHEEP

Five ewes and seven lambs were killed outright, and a dozen others severely wounded Tuesday night when marauding dogs raided a flock of sheep on the farm of Wm. Clark, on the Hume and Bedford pike, near Paris. The dogs were trailed some distance, but were not found.

Dogs raided a flock of sheep on the farm of Mrs. Thompson H. Tarr, near Paris, Tuesday night, killing nine lambs and one ewe. A number of others were badly mangled and died in a short time after being found.

### AN EXCITING TIME AT THE FAIR STORE

A man named Jones rushed into our store the other day terribly worried and said, "he was in a heck of a fix." He'd been trying to have his dining room repapered for the last five years, but his wife wouldn't let him. "An' now," he gasped, "she's gone to the country for five days rest. Can you help me?"

Can we help you? Why, man, we'll paper the whole house for you in that time—and we did, but try us yourself and see.

### D. A. R. MEETING

The regular meeting of the D. A. R., will be held at the home of the Regent, Mrs. Cassius M. Clay, at "Auer-gne," near Paris, to-morrow afternoon, at two o'clock. The program for the meeting is in anticipation of an outing which has been planned for the early summer, and includes historic Danville, Shakerstown and Harrodsburg. A number of important business matters are to be acted upon, and a full attendance is desired. Members are requested to notify the hostess of their intention to be present. Papers will be read by Mrs. John A. Bower, on "Historic Danville," and Mrs. Watson W. Judy, on "Shakerstown and Harrodsburg."

### ATTENTION, MEMBERS OF AMERICAN LEGION!

The regular meeting of the American Legion will be held in the County Court room at the court house, Friday night, April 7, at 7:30 p. m. Several very important matters will come up at this meeting and a full attendance of the members is hoped for.

THEO. S. SMYLLIE, Commander.

### BOURBON FISCAL COURT

The April term of Bourbon Fiscal Court convened in the County Court room yesterday. The term was a short one, the amount of business being small. Judge Batterson presided, with a full board of magistrates present.

The report of the County Road Commissioners was read and accepted. A large number of claims against the county were allowed and ordered paid. County Treasurer W. W. Mitchell was authorized to borrow the sum of \$10,000. The Court ordered an ad valorem tax levied on all property subject to taxation within the county of Bourbon, as assessed for State purposes, for the year 1922 for county purposes, as follows: Court house bonds and interest, .02c; turnpikes and bridges, .25c; general purposes, .23c; poll tax, \$1.25.

The members of the Fiscal Court will be guests of County Infirmary Keeper Joe Godman on Friday, April 21, for the annual dinner.

## FADS AND FANCIES OF 1922 SCORES BIG HIT

If any of the immortal Shakespeare's descendants had happened to be in Paris, Ky., Wednesday night and last night, they would have given their thorough approval to the utterance of that celebrated dramatist, when he made one of his characters say, "A hit, a palpable hit." For that is the expression that best fits the American Legion production, "Fads and Fancies of 1922," a production that won instant approval from the big audiences attending both performances.

Crowded houses greeted the curtain's rise at each performance, and yesterday the house was "sold out" for last night's performance. Space is too limited this issue for an adequate presentation of the merits of the principals in the cast, and for each individual taking part in the production, but suffice it to say that it was one of the cleverest conceived and executed revues of the kind given by home talent in this city for many years. It was clean and wholesome, full of good situations, and all in all, reflected great credit on producer, promotor, principals and all engaged in it. "Fads and Fancies of 1922" will be remembered here for its many good points. It is worthy of remembrance.

### JEWISH PEOPLE WILL OBSERVE PASSOVER WEDNESDAY

The Feast of Unleavened Bread, otherwise known as Passover, begins this year on Wednesday, April 12, and will be observed by all Jewish people for a period of seven or eight days, according to their interpretation of the Biblical injunction in Exodus 23:14.

During the Passover week all Jewish families abstain from eating leaven in any form and in its stead use the Matzoth, concluding the festival on April nineteenth.

The first and last days are days of holy convocation. That is, services are held on these days in the synagogues. The evening of the first day of Passover is particularly important.

**Serbian Women Hard Workers.**  
A considerable share of labor on Serbian farms is performed by Serbian women, who also weave the homey material for their clothes. The women are valued highly for their services, so much so that parents not infrequently are unwilling to see their daughters marry. Hence, in Serbia wives are often older than their husbands.

## BURLEY POOL SELLS 75,000,000 POUNDS TOBACCO

Approximately 75,000,000 pounds of the 1921 crop of burley tobacco has been sold for the 58,000 members of the Burley Tobacco Growers' Co-operative Association, according to statements of Robert W. Bingham, of Louisville, who financed the movement whereby the organization was formed.

The cost of the sale, it is said, was from one-fourth to one-third of that of auctioneers alone under the old loose leaf auction system.

The tobacco sold by the association is divided into 52 grades. President Jas. C. Stone worked out the grading system and then called in Louisville tobacco experts and bankers. The bankers agreed to loan one-third of the value of the various grades, this money to be paid to the grower when he delivered his crop. A total of \$4,600,000 was borrowed from banks and \$1,000,000 from Judge Bingham. Within thirty days after the organization was finally formed one-half of this sum was paid back and within forty days the remainder was paid. The association thus far has not had to touch any of the \$10,000,000 the war finance corporation offered to loan it, according to President Stone.

It is estimated, according to tobacco men, that under the old auction system the growers paid \$2,400,000 a year to the warehouses. Under the new system it is estimated that the warehouse cost will not exceed \$1,200,000 a year, with the growers eventually owning the warehouses.

The organization of growers apparently caused a higher price to be paid for tobacco this year than would otherwise have been done, according to officials of the association. When the independent warehouses opened on December 15 prices offered were twice as high as last year and in some places, where crops were exceptionally good, three times the price of the 1920 crop.

The advance paid to growers by the association, it is said, indicates that the 190,000,000 pounds pledged to the association may bring as much as five cents a pound more to the growers in the pool than has been paid to independent growers.

## SCIENCE AIMING BLOW AT DEATH

**Famous English Surgeon Predicts  
Perpetual Life and Brain  
Grafting.**

## NEW DISCOVERIES BY CARREL

**Whole Kidney Successfully Grafted  
From One Animal Into Another  
of Same Species—Arteries  
Transplanted.**

London.—"Not only may the brains of the illustrious be grafted on the living, but we may also be on the eve of the secret of perpetual life."

This astounding possibility, arising out of a story told in the Daily Express of Prof. Alexis Carrel's discovery, is revealed by Sir William Arbuthnot Lane, the famous surgeon, who worked with Professor Carrel before the war.

"Any tissue kept on a microscopic slide, at a suitable temperature, fed with the right material, and drained at frequent intervals, will grow and live forever," said Sir William.

"If this is applied not only to one or two tissues, but to all the tissues of a living body, then it follows that such a man would live forever."

## Food Too Digestible.

"We pay for civilization by eating digestible food. We should in reality eat indigestible food as the savage does. The Hindu lives on corn ground between stones and the cake he makes is most imperfectly roasted. Therefore, he avoids all disease of the intestine, such as cancer, which is spreading in the civilized world with the most alarming rapidity."

"Professor Carrel has made astounding discoveries. He successfully grafted a whole kidney from one animal into another of the same species. He did the same with a leg and other members, transplanting arteries and veins at the same time. I have seen a black dog with a white leg that had been grafted on. The blood vessels joined up during the operation and worked successfully. Professor Carrel tried grafting a kidney on the organism of a living man, but it became calcareous. These experiments, however, are invaluable because they lead the way."

**Overrun the Slides.**  
"The tissues Professor Carrel is experimenting with are mounted on slides and have to be kept at the same temperature as that of the human body. They are washed every day with saline water to dispose of by-products and they will never die as long as the treatment is continued. They grow just like a fungus, and in time overrun the slide. There is no such thing as death as long as there is perfect drainage."

"Professor Carrel has not yet been able to unite tissues and keep them growing. Until this can be done these fragments will have no thought, although they may possess feeling."

"This work gives doctors and scientists a great insight on what is going on in the human body. Small tissues of the brain, the liver, or the heart may all be treated in this way. If the fragments are fed with thyroid juice they will digest the food and, provided all by-products are washed away, their life is absolutely without limit."

## RUSS PRINCESS IS STOWAWAY

**Native American Who Wed in Europe  
Flees When Reds Kill Her  
Husband.**

New Orleans, La.—Princess Tschernitscheo, a native American and identified with Russian royalty under the Romanoff regime, is in New Orleans, having arrived as a stowaway and stewardess on the steamship Texandrier, which docked here from Antwerp.

The princess is being detained at the Algiers immigration station while government authorities are investigating. An examination will be held to determine whether she shall be allowed to remain in this country without proper passports.

In 1909 she is said to have married Prince Ivan Tschernitscheo. Her husband, it was said, recently was put to death by Bolsheviks.

The princess is said to have walked most of the way across Russia and Europe to Antwerp, where she boarded the Texandrier.

**Fish Deep in Oil Well.**  
Bakersfield, Cal.—A wildcat oil well on the Hitchcock ranch south of Porterville, at 1,200 feet, has begun to produce—not oil, but fish, according to word received here. They were tiny specimens, apparently from a subterranean stream.

## Man Paid Dog Fee, but Refused Wife's Poll Tax

## BRONX HEALTHY FOR BABIES

**Most Congested District of New York  
Has Fewest Deaths—Chicago  
Rate 89.68.**

New York.—The Bronx, reputed to be one of the country's most congested communities, has the lowest baby death rate in the United States, according to figures made public recently by the Babies' Welfare Federation. Buffalo and Pittsburgh are tied for the highest rate of all, 93.6 a thousand births.

The report shows that of 15,397 babies born in the Bronx last year, only 972 died before a year old, a percentage of 63.1 for each thousand births. In Greater New York the death rate was 77.1.

Los Angeles has the lowest rate, 60.13. Although Chicago and St. Louis were not included in the official figures, an unofficial report shows Chicago to have had an infant mortality rate of 89.68 and St. Louis 81.7.

## HOOR GLASS HINT TO SHUT UP

**French Deputies Have New Plan to  
Silence Tiresome Talkers in  
the Chamber.**

Paris.—Tiresome talkers, "windbags" among the French deputies (and they are as common in the chamber as in other parliaments) may soon be awed into conciseness and compactness by the presence at their side of a great half-hour sand glass.

Their fate depends on whether the chamber backs the recommendation of the rules committee, which has decided in favor of limiting speeches to 30 minutes, save in the case of the author of a bill or an interpellator. With visible evidence at hand that he is frittering away time, even the most confirmed babbler may be checked.

Unfortunately, it is by no means certain that the chamber will adopt the committee's drastic report.

## SAYS PASTOR TRICKED HER

**Bride of Three Days Says She Was  
Beguiled Into Marriage to Con-  
necticut Minister.**

Newark, N. J.—A bride of three days, Julia Mahanna Yonan, twenty-one, caused the arrest of Rev. M. Simon Yonan, fifty-seven, a Nestorian priest, who said his pastorate was in New Britain, Conn., charging that he first tricked her into marriage and then threatened to kill her because she refused to live with him.

The girl came from Palestine a year ago. She told the police that Yonan visited at her parents' home here, and, with stories of great wealth and a large congregation in New Britain, had induced her to enter his household "to take charge of the servants."

She signed a "contract" at the city clerk's office, she said, but didn't know that it was a marriage license.

## KEEP STRICT PASSPORT LAWS

**Central European States Are Not  
Willing to Improve Travel  
Conditions.**

Graz, Austria.—Central European states are not ready to sacrifice their passport requirements in the interest of better business and travel conditions. The passport conference of the succession states (of Austria-Hungary) showed only partial success.

Austria, Hungary and Czechoslovakia were the only governments that agreed to issue two-year passports and to give visas good for a year.

Poland objected to all efforts to simplify the intricacies that are the despair of Americans.

Rumania and Jugo-Slavia agreed to the proposed reforms with certain reservations.

## Quadruplets Born.

Sharpsburg, Del.—Quadruplets were born to Mrs. Rodney Anderson, wife of a farmer near here, the other day. Two of the children are boys and two are girls and all are in normal health. Anderson is now the father of four boys and two girls, his wife having given birth to twins two years ago. Mrs. Anderson is one of twins, her mother having had two pairs of twins.

## THE ROAD TO PROSPERITY

When every man in this country has a job, is earning a living wage, and when every farmer is able to market his crop at a fair price, then, and not before, is national prosperity arrived.

Money in the government vaults does not constitute national prosperity. Ask the out-of-town veteran if it does. If it did then the United States is the happiest, as it is the richest, land in the world. It can be both, but that possibility depends not on the contents of the United States treasury, but on the condition of the leaders in every home in America. Common individual prosperity and nothing else is the condition of national prosperity.

There is one thing, and only one thing, on which this country has to fix its attention to produce the desired condition. Foreign commerce is the answer—although who knocked at your door and asked for work. It is the one supreme business of the United States at this moment.

The United States to-day has the highest developed industrial machinery in the world; its factories are keyed up to a maximum capacity as a result of the feverish war. There is a margin of 20 per cent. of this production which the country itself can not consume; a market must be found for it. That 20 per cent represents jobs, and is the symbol of national prosperity. If that market cannot be wiped out by overseas sales then the jobs can not exist; if commerce can market that surplus, the jobs are available.

This great problem and its immediate solution is to be focused in the Ninth Foreign Trade Convention, which will be held in Philadelphia in May. Its purpose is to get the ear of the whole people to the importance of the crisis, and to get the benefit of the highest experience at that convention as a basis for a constructive program looking to the establishment and extension of this country's foreign commerce.

## FOOLISH MANAGEMENT

In a country which leads the world in efficient and progressive business methods it comes as a shock to realize that one of the greatest businesses in the country has pursued constantly such a fatuous policy of management that, apparently, the clients have been served by accident rather than design; perhaps by the momentum of the business itself; probably because it exercises a monopoly in its particular line.

This business to-day has 52,188 branch houses throughout the land. No less than 300,000 representatives spread over the United States are on its pay-roll. It operates over more than 3,000,000 square miles of territory.

Last year this tremendous business had a cash turnover of \$453,491,274, but with a net deficit, according to the audited accounts, of \$157,517,688.

The strikingly peculiar thing is that at the head of this great business, and unmistakably directing its activities, was a man who, until less than a year ago, when he took the job, knew nothing whatever about this business, and so back through the entire history of this the stockholders have been dazzled by the immensity of the concern and the vast character of its operations and have neglected to insist that its management be intrusted to an expert with some promise of permanent direction of it.

The stockholders are numerous; they number 110,000,000. They are the people of the United States, who invested in nearly 14,000,000,000 of its certificates or stamps last year. The business is the postal service of the country. The head of it is a political appointee, as a reward for party service.

## AIM TO SOLVE NATION'S PROBLEMS

That the American people are a thinking people who give serious thought to the Nation's problems is demonstrated by the avalanche of intelligent answers submitted in the "Topics of the Day" Films Better Business Contest. Every section of the country has responded to answer the contest question, "How Can Business Be Improved For the Manufacturer, Merchant, Worker and Unemployed?"

Prize-winning answer No. 1 follows: "Adopt the Sales Tax or some other tax measure which will do away with all taxes known as 'war taxes.' Let capital and labor arrive at some agreement and stop scrapping. Make reformers go to work and earn an honest living. Bring back beer and light wines. Forget the war."

## THE BOURBON NEWS.

The world would be happier if people were as ready to share their joys as their troubles.

## GIVE THE LAZY MAN HIS DUE.

Perhaps this world has not given the lazy man the credit he deserves for the progress that has been made toward the ideal life. When the lazy man is considered dispassionately, it is seen that some important inventions are the result of his disinclination to work.

For example, there is the riding cultivator, which is said to be the product of the ingenuity of a man who was sure that his legs were never intended to drag after a hand implement. Not only does the farmer ride in cultivating now, but he gets much more cultivation done. There is not much to be said for the man who refuses to do any work at all, but the man who is just lazy enough to do his work in the easiest way has been able to hit upon many ideas that have added to the sum total of human efficiency.

Many devices that have contributed to save himself from unnecessary physical effort. Many an inventor who has a reputation for industry may have had only a commendable kind of laziness.

## VITALITY!

## VITALITY!

You Must Have It to Keep Your Job, Your Friends, Your Happiness

Thousands of thoughtless people needlessly let themselves run down in health. The day comes when, with a terrible shock, they are suddenly broken in health. For your own sake keep well. If you feel weak or run down or do not sleep well or are nervous and have a poor color, don't wait until it is too late. Gude's Pepto-Mangan taken with your meals for a few weeks will restore your good health, give you renewed strength and vitality for your daily work. The healthy life is the happy life—do not let it slip from you. For thirty years Gude's Pepto-Mangan has been helping people who were run down, back to good health. It was made famous by the medical profession. Sold by druggists in both liquid and tablet form. (adv.)

## OF COURSE A COMMA MEANS NOTHING!

This one has been going the rounds for years, but will be new to many:

During an examination in an English school the inspector began to question the pupils on punctuation when the mayor, a pompous individual, interrupted with the remark: "It is foolish to bother about commas and such like." The inspector flushed angrily, and turning to one of the boys he bade him write on the blackboard, "The mayor of Cheesington says the inspector is a fool." "Now," he continued, "put a comma after Cheesington and another after inspector." The boy did so, and the mayor kept quiet after that.

## WHICH YOUR KIDNEYS

Inhaling the fumes of turpentine and white lead often weakens the kidneys. That's one reason why so many painters have bad backs and sick kidneys. Exposure, frequent colds and chills and the strain of climbing up and down ladders help to start the trouble.

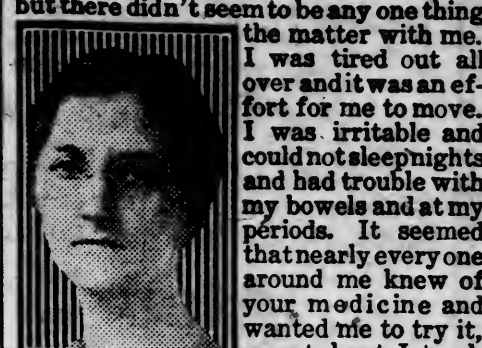

If your back aches, if sharp pains strike you in the back when stooping, lifting or working; if you have headaches, dizziness, rheumatic pains; if the urine is discolored or passages painful and scanty, try Doan's Kidney Pills, the remedy so widely used and so well recommended by men in the painting trade. Here's a Paris testimony:

Ed Richardson, painter and decorator, 552 Vine street, says: "I suffered severely from my back and it put me past going. I am a painter by trade and handling so much turpentine and inhaling its fumes is what I blame for the cause of the trouble. Many a night I was annoyed by the frequent action of my kidneys and would have to get up many times to pass the secretions and this greatly disturbed my rest. I had dizzy spells and felt sick all over until I got Doan's Kidney Pills at Oberdorfer's Drug Store. I used several boxes as directed and they fixed me up in good shape." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Richardson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

## NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N. Y.—"I was in bad health but there didn't seem to be any one thing the matter with me."

I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly everyone around me knew of your medicine and wanted me to try it, so at last I took Lydia E. Pinkham's Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like."—Mrs. CHAS. BAKER, 21 Spencer Ave., Hornell, N. Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

## Pageants.

In the pageant of the arts and sciences the local historian does not figure brightly. He is tolerated only as a poor relation of the mighty scholars who chronicle the deeds of parliaments and armies, for it seems clear that since the whole is greater than the part he who writes of a small section cannot be as great as he who writes of nations and the world. Dig on Ryan Fox.

## United States Stamps.

The United States did not issue stamps until about 1842. The number of varieties from 1842 to 1900, inclusive, was 1,607, or between 27 and 28 a year. From 1901 to 1920, inclusive, 104 varieties of United States stamps appeared.

## DYE ANY GARMENT OR OLD DRAPERY IN DIAMOND DYES

"Diamond Dyess" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. ## MILLERSBURG COUNTY HIGH SCHOOL NOTES

—The faculty attended the meeting of the Bourbon County Teachers' Association, which was held at Clintonville, Friday.

—The Teachers' Study Class, which meets every Thursday afternoon at 3:45 o'clock, is at present making a survey of the retarded pupils in all the grades and High School, ascertaining the cause of their retardation and seeking, where it is possible, to bring them up to their age requirements. The class is using Strayer and Englehart's text, "The Classroom Teacher."

—The Parent-Teacher Association

met Tuesday evening with fifty-two present. An interesting program was rendered, consisting of a reading by little Miss Mariam Hunt Lancaster, solo, "Mother of My Heart," by Dorothy Bonar, "The Awakening Chorus," by the Third and Fourth grades, and a talk by Rev. G. W. Nutter on "Co-operation of Parents and Teachers." Short talks were also made by Rev. W. D. Welburn, Messrs. Clark Bascom, M. E. Pruitt and O. E. Hurst. Plans were discussed for making the schools a greater help to the community, which resulted in the Association voting unanimously to erect a radio station on the school grounds. Plans are also being made to have the annual "Get-Together Day" one of the big features of Commencement week, on which day an old-fashioned basket dinner will be served. The First Grade won the school pennant for the month, by having the largest number of visitors present.

—The student body will take their spring vacation next week, while the entire faculty attends the Kentucky Educational Association which meets in Louisville, April 11-14.

—The commencement exercises of Millersburg County High School will begin May 14, continuing until May 19. A calendar of the week's events will appear in these columns later.

—The Junior Agricultural Club will meet Monday afternoon, April 10, at Caywood Hall.

—An important feature of Wednesday's Chapel exercises was the presentation of a sweater to Prof. Jones by the Boys' and Girls' Basketball teams in appreciation of his services as coach. The presentation speech was made by Prof. Lancaster, who, as a co-worker of Mr. Jones' for a period of some six or seven years, paid a beautiful tribute to his efficiency as a teacher and sterling worth as a man. The loud applause tendered by the student body bespoke the regard the entire school has for this quiet, unassuming man, who goes in and out among us. There is a rumor that the farm is calling Mr. Jones, but we trust that a deaf ear will be turned to the call and that we may be privileged to have him with us again next year.

—Wednesday's Chapel exercises were conducted by the pupils of the Fifth Grade. A chorus by a number of little ladies dressed as buttercups was appreciated by an unusually large audience, while the recitations, songs and little playlet "Better Speech," came in for their share of the generous applause. These Chapel programs by the grades are growing very interesting and are looked forward to with pleasure by the pupils (and back upon in like manner by the teachers.) The next Chapel program, April 19, will be rendered by the Sixth Grade, who will give "The Old School at Hickory Holler." The following were visitors at the Chapel Exercises Wednesday: Mesdames Ira Rankin, O. L. Potts, B. Hill, Strother Banta, S. E. Bruce, Howard Thompson, C. E. Hill, Jesse Feeback, M. E. Pruitt, W. D. Welburn, Minnie Rule, Russell Hickman, Tony Zoellers, Frank Fussnecker, David Cassidy, Tom Stone, Mrs. Hickman, Misses Carrie Peed, Edna Clarke, Sue Butler, Lillian Bodkin, Messrs. Clark Bascom, Jesse Feeback, O. L. Potts, M. E. Pruitt, Rev. W. D. Welburn. The public is cordially invited to these weekly exercises.

## ARNOLD

Gladys Margaret Arnold, daughter of Mr. and Mrs. J. L. Arnold, died at her home in Cynthiana, after an illness of a few hours. She was a half-sister of Miss Rebecca Arnold, of Paris, and is survived by her parents, two brothers and one sister. The funeral and interment took place in Battle Grove Cemetery, at Cynthiana, where services were conducted by Rev. J. E. Moss.

## CASE

Mrs. Joe Dan Case, aged fifty, a former resident of Bourbon county, died recently at her home in Smithville, Mo., after a long illness of cancer. Mrs. Case was a daughter of the late Wm. Connor, of the Cane Ridge vicinity, and was a sister of Mrs. Elsie Honaker, of Paris. She is survived by one daughter, Mrs. Ora Collins, of Clay county, Mo., and six sisters. The funeral and interment took place in Smithville.

## GARDNER

Following an illness of several days, resulting from blood poisoning, Edna C. Gardner, aged thirteen, died at the Massie Memorial Hospital, in this city, at 1:30 o'clock yesterday morning.

Miss Gardner was a daughter of Mr. and Mrs. John W. Gardner, of Harmon street, and was a young woman of remarkably attractive personality. Her death was peculiarly sad. Some time ago, a sharp lead pencil she was carrying in the pocket of her skirt penetrated her thigh, inflicting a painful wound. The usual remedies were applied, and it was thought Miss Gardner was improving. Later blood poisoning set in. She was removed to the Massie Memorial Hospital. Wednesday an operation was performed; her leg being amputated. Her weakened constitution could not withstand the shock, death ensuing. She is survived by her parents and one brother.

The funeral will be held at four o'clock this (Friday) afternoon, with services conducted at the grave in the Paris Cemetery by Rev. C. H. Greer, pastor of the Methodist church. The pall-bearers will be the following, members of Mrs. Jas. Grinnell's Sunday School class at the Methodist church, of which she was also a member: Frances Taylor, Pearl Longo, Hallie Snapp, Alice Frances Burton, Nancy Henry, Edna May Doty; Honorary—Lucille Payne, Imogene Alexander, Lucille Wills, Jessie Gregg, Ina Claypool, Bernice Isgrigg, Nipa Hollar.

## LUCAS—PARKER

A wedding which came somewhat in the nature of a surprise to the many Paris friends of the bridegroom was that of Capt. Ben Parker, one of the most popular L. & N. conductors, and Mrs. Earl Lucas, the latter of Lexington. The ceremony was performed in the study of the Ninth street Baptist church, in Cincinnati, Monday evening, the pastor, Rev. Dr. Herget, officiating. They were accompanied to Cincinnati by Mr. and Mrs. Thomas A.

McDonald, of Paris, who witnessed the ceremony. Following the ceremony the bridal party returned to Paris, to apartments at No. 509 High street.

Upon returning to Paris, Mr. and Mrs. Parker were received at the Tenth street passenger station of the Louisville & Nashville by a reception committee of friends, who placed them in a gayly decorated automobile, ornamented with streamers, placards, tin cans and other love tokens and escorted them to the Hotel Windsor. There they were showered with rice by the children of the hotel, and seated at a table decorated with flowers, turtle doves, placards and mottoes, surmounted by

a large placard announcing that the table had been reserved for the "newly-weds."

This is the second marriage for each. Mr. Parker's first wife being a sister of Mrs. Harry Baldwin, of Paris. He has for over twenty-five years been a conductor on the Louisville & Nashville, and is one of the most likeable men in the railroad business to-day. His bride is an unusually attractive woman. For some time she has been head designer at The Pendleton Shop, in Lexington, and is well-known to hundreds of Paris and Bourbon county people. Both have a host of friends here who wish them a large share of happiness in the world.
